Training Leaders for Australian Churches

2009 saw the launch of SCBI with classes taught in the Toowoomba and Newcastle areas and shorter sessions held near Lismore. In all 50 students attended at least one SCBI session!

Upcoming Camp

The first SCBI sponsored event of 2010 will be a camp for young men between the ages of 16 and 22 to be held from 19-21 January at the James Byrne Centre just north of Toowoomba.

The camp is designed to help young men grow in their faith and learn how better live in a world that is opposed to those who want to live for Christ.

The cost for the camp is only \$100.00 which will cover lodging and food for two days and two nights. The camp could prove to be a highlight for your year and a blessing to your life.

Thanks to Kerry Allen

Our special thanks goes to Kerry and Mona Allen who shared with us on their fourth trip to Australia. Kerry's SCBI class on The Life of the Christ: A Thematic Study was very well attended. We are thankful for the many who helped to make Kerry's time such a great success.

Kerry is already on the schedule for August 2010 and we again anticipate a time of challenge and encouragement from God's Word.

Upcoming Classes

February	Ken Henderson Teen Mission USA
May/ June	Dr. Rick Cherock Cincinnati Christian University
August	Kerry Allen Person to Person Ministries
October	Mike Cassara Nesconset, New York Christian Church

Requiring just four classes per year a student may earn a certificate in about three years. SCBI is pleased to provide a program that is Biblical, practical, affordable, and flexible.

SCBI Welcomes Ken Henderson

Ken Henderson of Teen Mission, USA from Lexington, Kentucky will be teaching SCBI classes on Genesis and Exodus. The Genesis program will use multi-media to show how the Bible is confirmed by numerous scientific facts and evidences.

Topics that will be covered in the Genesis lessons include:

- 1) Creation in Six Days, Is It Really Possible?
- 2) Do Fossils Prove Evolution?
- 3) The Great Worldwide Flood
- 4) Taming Dinosaurs (Part 1)
- 5) Taming Dinosaurs (Part 2)
- 6) Cave Men & Carbon Dating
- 7) Shorter Segments:
 - Evolution, a Strange Religion
 - Fossil Trees in Nova Scotia
 - Evidence from Mt St Helen
 - Strange Fossil Findings
 - Common Questions & Answers

The Exodus class will help us understand something of the Egyptian religion and the plagues from an Egyptian point of view. You'll see that the Egyptian religion was a perversion of the truth from Noah, thru Ham, and then Mizraim (the Father of Egypt). You'll see why there are vague similarities and gross perversions of the Biblical accounts of the Creation and Flood.

Dr. Rick Cherok, Professor of Church History at Cincinnati Christian University will be sharing in an SCBI class in late May and early June. Please watch for further announcements about this class on the history of the church.
